Are you as the homeowner acting as the General Contractor? YES NO

If YES, please complete and sign section below.

I understand that the State of Minnesota requires that all residential building contractors and residential remodelers obtain a state license unless they meet an exemption from licensure. As the homeowner who is building or improving my own home, I am exempt from state licensure as long as I am not in the business of building or remodeling residential real estate for the purpose of speculation or resale. I guarantee that the property that I am obtaining a permit for, located at _____ is the first residential property that I have built or remodeled in the past twelve (12) months.

Furthermore, I understand that some of the subcontractors hired by me are required to be licensed or registered by the state. Those most likely to require licensure are plumbers, electricians, roofers and any subcontractor who performs more than one skill.

(If you are uncertain whether or not a subcontractor is required to be licensed, you may contact the MN Department of Commerce, Enforcement Division, at (612) 296-2594 or 1-800-657-3602. If unlicensed, non-exempt contractors are hired, the homeowner will not have the ability to make a claim against the contractor's recovery fund to compensate for the contractor's failure to perform or fraudulent and dishonest practices.)
